

## CULBERSON IN WARM REBUKE.

Believes President Acted in a Lawless Manner.

Had no Right to Allow Steel Trust Merger.

Senator Clark Gets Subject Postponed.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Jan. 7.—In the Senate today Senator Culberson made a brief reply to the message sent to the Senate yesterday by the President, saying that he had directed Atty-Gen. Bonaparte not to reply to the Senate's resolution of inquiry concerning the merger of the Tennessee Coal and Iron Company, with the United States Steel Corporation.

In his statement, Mr. Culberson characterized this as "another arbitrary and lawless act," which, he said, "had been traced to the Chief Magistrate of the country."

He continued: "Who is not only solemnly obligated to obey the law himself, but to see that others do so."

Mr. Culberson introduced a resolution instructing the Committee on Judiciary to report to the Senate at an early day as to whether or not, in the opinion of that committee, the President was authorized to permit the absorption of the Tennessee Coal and Iron Company by the United States Steel Corporation, and then proceeded with his remarks.

He said the President's position in denying that Congress had authority to direct a department by a resolution of inquiry is characteristic of the distinguished occupant of the White House, and it is a corollary of the main dogma that he is absolved from any legal restraint whatever.

Mr. Culberson cited legal authorities to prove that Congress is empowered to place restrictions on heads of executive departments, and to direct their acts. He said a statement in which the Attorney-General was quoted, after the absorption of the Tennessee Coal and Iron Company by the United States Steel Corporation, saying he would proceed in the courts against the steel corporation if the law in respect to restraint of trade.

"Yet," said Mr. Culberson, "the Attorney-General then had received from the President a letter in which he told him it was contemplated to merge the Tennessee Coal and Iron Company into the United States Steel Corporation, and that so far as he was concerned he did not see fit to interfere."

At the time the President was taking his action in respect to the Steel Corporation, Mr. Culberson said, the Attorney-General was proceeding to dissolve the tobacco trust on the ground that it had absorbed some of its rivals.

"The response of the President," said Mr. Culberson, "is a complete answer to the Senate resolution. It shows that no action has been taken by the Department of Justice, and that none has been taken because the President took the matter in his own hands, as is not infrequently the case. It shows further that another arbitrary and lawless act of an important nature has been traced to the Chief Magistrate who is solemnly obligated by the Constitution not only to obey the law himself, but to see that it is faithfully executed by others."

Mr. Hopkins suggested that the President in his message did not make any statement susceptible of the interpretation placed on it by Mr. Culberson. He said the President's remark in reference to going over to the other side of the Tennessee Coal and Iron Company by the Steel Corporation was to the effect that he felt it not "a public duty to interpose objection."

"He does not say that he approved it," insisted Mr. Hopkins.

"The question we have before us," said Mr. Culberson, "is whether there is any law that authorizes the President to issue a permit to allow the violation of a statute which he himself has enacted, or whether he has a financial stringency or any other purpose."

On motion of Senator Clark further consideration of the resolution was postponed.

## OLMSTEAD IN SPEECH.

(ON HOUSE RULES.)

WASHINGTON, Jan. 7.—Under license of debate on the District of Columbia appropriation bill, Mr. Olmstead of Pennsylvania today entered a vigorous defense of the House of Representatives. He maintained that the old rules placed in the hands of the Speaker a power to prevent, while the present rules give the Speaker more power to expound legislation.

Mr. Olmstead compared the rules of the House of Representatives with those of the British House of Commons and declared that the inferiority of members of the American House over the authority of the Speaker never had reached the stage where any one has been elected to the House who was not a member of the British House.

He characterized its speaker as a "damned little insignificant pup," as a British member was alleged to have done.

## GENERAL DEBATE IN HOUSE.

(PROGRAMME SIDETRACKED.)

WASHINGTON, Jan. 7.—Although technically under consideration in the House today, the District of Columbia Appropriation Bill was sidetracked, while the members indulged in general debate. This took the wide range, the proceedings opening with a defense of the rules of the House by Mr. Olmstead of Pennsylvania.

Mr. Olmstead's remarks were interrupted by Mr. Russell of Missouri made a plea for river and harbor improvements.

## ARMY CRITICIZED.

(HOUSE DISCUSSIONS BILL.)

WASHINGTON, Jan. 7.—Sharp criticism of the army and its management is being heard about the Capitol. Some of the most pointed remarks have been made in the official record of the testimony in connection with the army appropriation bill. It developed that \$10,000 had been expended for mileage in connection with the horseman's money. It was "explained" was disbursed to assemble the officers on what was deemed a proper course, such as at Fort Ethan Allen, Vermont, and Fort Myer, in Virginia.

"That \$10,000 is useless expenditure," declared Representative Anthony of

## ST. PAUL AFTER ORIENT TRADE.

Road Makes Alliance with a Jap Steamer Line.

Will Handle Traffic Over Coast Extension.

Hopes to Get Lion's Share of the Business.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Jan. 7.—[Exclusive Dispatch.] Official announcement was made today by the St. Paul and Northern Pacific Railroad that the company had made an alliance with the Japanese Mail Line, a steamship line, for the purpose of handling traffic over the coast extension.

It is said a traffic alliance has been made with the Osaka Shosen Kaisha Steamship Company for semi-monthly sailings from Seattle. This company is now constructing six modern fast steamers for trade to the Orient, and the St. Paul hopes to absorb the lion's share of this business, now that all other American roads have gone out of it.

The St. Paul road is to make a strenuous bid for traffic between the United States, Canada, Europe, China, the Philippines, Japan, Russia, Siberia, Australia, Formosa and Indian Ocean ports.

The steamship company with which the St. Paul has effected a traffic alliance has a fleet of 100 tons, and is now maintaining a regular service along the Japanese, Chinese, Siberian and Korean coasts.

At this point Representative Parker of New Jersey was moved to say:

"Yes, riding around a fair ground, suggested Representative Hayden of Texas. Chairman Hull of Iowa came to the rescue with a remark that produced laughter. He suggested it would be well to have the officers ride in school with some one who is not a member of the St. Paul, and that at the last ride at Fort Myer, 'some old colonel had to have a train on each side of him to see that he stayed on his horse.'"

## ROOT SIGNS TREATIES.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Jan. 7.—Secretary Root today signed arbitration treaties with Ecuador, Bolivia and Haiti.

Next week, Secretary Root hopes to sign with Ambassador Bryce a treaty for the settlement of the boundary between the United States and Mexico, and to settle the boundary between the United States and Canada.

With the exception of some claims that may have to be subtracted from the list, Mr. Root and Mr. Bryce have agreed on these treaties, and they now wait the approval of the British Foreign Office.

## MISS MARJORIE GOULD.

Who made her debut in New York last night at an elaborate function.

FIRST PRIZE.

PICK LIEUT. PAGET FOR MISS GOULD.

MARRIAGE RUMOR IS REVIVED AS HEIRESS MAKES DEBUT.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, Jan. 7.—The mysterious disappearance and the remarkable career of Miss Marjorie Gould, heiress of the English public, a sensation equal to that of the Steinbock case in Paris.

Miss Marjorie Gould, an attractive woman of 25, who lived with her parents in Bodol, St. Asaph, Wales, has been reported as killed while motoring in the direction of Penmaen-mawr, with her sister and a chauffeur on Saturday. The sister and the chauffeur say that the motor came into collision with the retaining wall of a road along the edge of a cliff overlooking the sea, and that Miss Marjorie Gould was thrown over the wall into the sea.

The sister and the chauffeur gave this account to the local authorities and since then the members of the family have declined to see inquirers or to give further details. Those who have claimed that the scene of the supposed tragedy do not consider it possible that the body could have been washed away. A woman's hat was found on the rocks, but there was no indication of a body having been thrown over the cliff.

Miss Marjorie Gould's picturesque career suggests that of Madame Humbert. She said that she was heiress of a General Gordon, her godfather, who left her £24,000, which was to be paid over to her on her twenty-fifth birthday, January 13, with accumulated interest, making the whole amount £250,000.

Miss Marjorie Gould usually gave her name as Gordon and frequently visited London, where she was a member of the London stock exchange, and according to the Evening News, owes one broker £20,000.

She took a large country place at Inverness last summer, which was sumptuously furnished, the walls being draped with the Gordon plaid. She had four motor cars. The story of her death is generally disbelieved, although her parents have offered £1000 for the recovery of the body. The disappearance is causing endless speculation.

MAN AND WOMAN DIE TOGETHER.

Bodies Found in Room at Kansas City With No Clue to the Cause.

(BY DIRECT WIRE TO THE TIMES.)

KANSAS CITY, Mo., Jan. 7.—[Exclusive Dispatch.] With no external evidence as to how or why they came to their end, J. W. Brault and Mrs. Julia Kenner were found dead in a room at No. 1412 West street at 2 o'clock this afternoon.

Whether it was a suicide pact between the man and a woman, who may have been a murder and a suicide, the police are unable to say. The woman was a baking-powder demonstrator, aged about 25. The man was a clerk in a shoe store. Their two bodies were on the bed, the man was on his back, the woman across him, the hands clasped as if in agony, the face contorted. There were no marks of violence on either body.

Poison probably caused the death of both. Mrs. Gray, a rooming house owner, said that at 1 o'clock this morning she heard Mrs. Kenner rush across the floor screaming "Help," and "Lord have mercy."

A man and woman came to the apartment house a week ago, and registered as man and wife. The man was a clerk in a shoe store, and the woman was a baking-powder demonstrator. They were both found dead in a room at No. 1412 West street at 2 o'clock this afternoon.

On top of some articles of woman's clothing, a letter to the Eagle Baking Powder Company, New York, applying for a position as agent, set forth that Brault had married Mrs. Kenner, alluded to as "one of the company's best demonstrators."

Warren Dixon of Baltimore, who said he had worked for several oil companies, was a telegram and a letter to the Eagle Baking Powder Company, New York, applying for a position as agent, set forth that Brault had married Mrs. Kenner, alluded to as "one of the company's best demonstrators."

Clayton Erb, well-known in political circles all over Pennsylvania, and her sister, Mrs. Catherine Beisel, who were charged with the sensational murder of Capt. Erb on the night of October 6, 1905, were acquitted by the Delaware county jury today.

After the jury had been out nearly eighteen hours, it brought in a verdict of not guilty in the case of each woman. Almost up to the moment when the jury announced that it had agreed, the prospects for a unanimous decision of the twelve men were not bright. During the morning the jury fell into court and asked for further instructions on the question of self-defense, and while the spectators were still standing in the courtroom discussing the instructions given the jury, word of the jury's verdict came.

The defendants were sent for at once, but there was a minute's delay before the jury arrived. During this heart-breaking interval, the defendants were so nervous they could not remain still. Mrs. Erb was jumping from her seat, striding up and down, her hands clasped behind her back, her face pale as death. Mrs. Beisel was weeping uncontrollably. The judge took his seat just as the jury was escorted into the room. There was absolute silence. When the court clerk went through the usual proceedings of asking whether the jury had agreed, and the foreman announced the verdict of not guilty in each case, the sisters fell in each other's arms and women wept.

In an instant the women were surrounded by friends, and the scene was one of overwhelming with congratulations. Mrs. Beisel threw her arms around her wife and sister-in-law, Mrs. Erb, and tears came to her eyes. "I was innocent and knew I would be acquitted," said Mrs. Erb, "but I did not know what I was doing when I shot my sister. I did not know what I was doing when I shot my sister. I did not know what I was doing when I shot my sister."

Mrs. Beisel said: "I thank God it is all over. No, I have not been confident of acquittal for you never know what twelve men will do. I was sure of my sister's freedom, but not of my own, though I knew I was innocent of any crime."

**ARREST MINING AGENT.**  
**F. R. Kline, Indicted for Selling Worthless Stock, Taken at Walla Walla.**  
**[ASSOCIATED PRESS NIGHT REPORT.]**  
**MODESTO (Cal.) Jan. 7.**—A message received here today from Walla Walla, Wash., states that Frederick Kline, who was indicted by the grand jury of Stanislaus county some days ago on a charge of having disposed of \$25,000 in fraudulent mining stock in this city, has been arrested there. Kline will be brought to Modesto for trial.

At the time of his indictment Kline was in San Francisco, but when an attempt was made to apprehend him there, it was discovered that he had disappeared. Since then it is stated, he has been traveling through Nevada and Oregon, using an assumed name.

**GOVERNOR REFUSES AID.**  
**[ASSOCIATED PRESS NIGHT REPORT.]**  
**SAN RAFAEL (Cal.) Jan. 7.**—Thomas Fallon, a wheelwright, who murdered his wife in San Francisco in 1904, will be hanged for his crime at San Quentin tomorrow morning at ten o'clock. He was sentenced to be executed on December 11, but friends prevailed on Governor Gillett to grant him a reprieve of thirty days to give the Governor an opportunity to examine the court records in the case.

 (Continued From First Page.)

chosen by the Republican caucus to succeed himself as United States Senator. There was but one ballot. He will be formally elected next Tuesday. Only one little flurry enlivened the monotony of the non-trading speeches in the caucus. This was a resolution backed by a handful of Lincoln-Roosevelt League, who incorporated in it a telegram to be sent to Senator Perkins, asking him how he intended to vote on the proposal to establish a government line of cameras from San Francisco to Panama.

The resolution was introduced by Assemblyman A. M. Drew of Fresno, who had seen a public letter from Joseph L. Bristol, special government agent at Washington, in which Bristol stated that Perkins had opposed the plan for a steamer line. Drew and five supporters moved that the caucus be postponed until Monday night, to await a reply from the Senator as to his attitude, but seventy-five members of the caucus voted down the resolution, and Drew and his followers later voted for Perkins.

**WHITTIER WANTS FARM.**  
**BIG APPROPRIATION ASKED.**  
**[BY DIRECT WIRE TO THE TIMES.]**  
**SACRAMENTO, Jan. 7.**—(Exclusive Dispatch.) Whittier State School directors went to the Legislature to appropriate \$24,000 at this session for the betterment and maintenance of that institution. The principal request is for \$20,000 with which to purchase a tract of forty acres adjoining the school property, to be used as a sewer farm, on which young agriculturists may be trained.

Disposal of the sewage from the school is a troublesome matter, connection with the Whittier sewer system would be expensive, while it is urged that purchase of the farm would be a paying investment from the start. Gov. Gillett never has looked with favor on the farm proposition, however, and this request may not be acted upon.

Twenty thousand dollars is desired for the building of two large cottages for the housing of boys and girls at the school, now jammed into the dormitories. Twelve thousand dollars is wanted for a hospital building, and \$2,000 for a new building for the manual training school building.

Assemblyman Lewis, treasurer of and counsel for the board of directors, drew the bill which will be handled in the Assembly by Cogswell and in the Senate by Thompson.

**SKIRMISH ON GAMBLING.**  
**LIVELY BATTLE ON RULES.**  
**[BY DIRECT WIRE TO THE TIMES.]**  
**SACRAMENTO, Jan. 7.**—(Exclusive Dispatch.) What was taken by many as a preliminary skirmish on the race-track gambling fight came this afternoon in the Assembly with a lively little battle on the adoption of rules to govern the session. Several changes in the rules of last session were reported by the Committee on Rules, most of the changes making it more difficult to get bills out of committee after once they shall be referred.

With a hard fight in prospect to defeat the anti-gambling bill on the floor of either house, the racing element is credited with a desire to bottle up the bill in committee and thus prevent its passage.

Whether or not this was the purpose of the Committee on Rules, the anti-gambling bill is on the floor of the Assembly. Assemblyman Grove L. Johnson, of Sacramento, Transue of Los Angeles and Beardslee of Stockton, led the fight for the changes, but Drew of Fresno, Otis of Alameda, Sackett of Ventura and several new members, including Democrats, opposed them and when the roll was called it showed defeat for the innovations by a vote of 41 to 32. So the old rules will stand.

teer or to picket the works or place of business of any person with the purpose of injuring the industry in any way. Printing and circulation of boycott matter, unfair lists and the like are under the ban also the use of force, threats or other means of intimidation to prevent any person from engaging in lawful occupation. The blacklisting of any person by another person, firm or corporation with a view to preventing any one from securing employment, also is barred.

The penalty for violation of any provision is a fine of from \$50 to \$500. Pinnell has given up hope of finding a San Francisco legislator to handle his bill, but thinks he may be able to get aid from some Southern member or one from the Central California section.

The labor union lobby has not yet appeared, but it is expected tomorrow. It seldom has been effective in the past, and it is not likely to be put through any radical bill in which it was interested, yet most of the legislators are afraid to take up Pinnell's bill for fear of the labor union lobby.

**TO TAX ANGLERS.**  
**NEW LAW PROPOSED.**  
**[BY DIRECT WIRE TO THE TIMES.]**  
**SACRAMENTO, Jan. 7.**—(Exclusive Dispatch.) Anglers are to be put in the same class with hunters in the matter of paying a yearly license to the State, if Senator Willis of Redlands succeeds in amending the present hunter license law, of which he was the author.

About \$100,000 was collected last year on hunters' licenses to be used by the State Fish and Game Commission, and now the hunters insist that fishermen also should pay a similar tax, \$1 a year for residents and \$2 for non-residents.

It is aimed to have the one license cover both hunting and fishing, the amendment being framed to apply only to fish protected by law. Children will be excluded from the provisions of the law.

Word amendment will allow county clerks 10 per cent. for the collection of licenses and the issuance of tags.

**JOB-WINNERS SHOCKED.**  
**MUST WORK, SAYS STANTON.**  
**[BY DIRECT WIRE TO THE TIMES.]**  
**SACRAMENTO, Jan. 7.**—(Exclusive Dispatch.) Speaker Stanton's "business administration of affairs in the Assembly will begin in earnest tomorrow with the introduction of bills, though the various committees have not yet been named and no measures can be taken up for passage before probably next Wednesday.

The staff of attaches is so greatly reduced that a long list of bills and resolutions will be introduced tomorrow in the Senate, though Stanton's "business administration of affairs in the Assembly will begin in earnest tomorrow with the introduction of bills, though the various committees have not yet been named and no measures can be taken up for passage before probably next Wednesday.

## EXPLODING POWDER TRUST.

Government Suit Is Resumed and Evidence Against Defendant Is Secured.

[ASSOCIATED PRESS NIGHT REPORT.] WILMINGTON (Del.) Jan. 7.—The hearing in the suit of the United States government against the alleged "powder trust" was resumed here today.

P. J. Waddell, an employe of the Emporia Powder Company of Pennsylvania, and a former employe of the Dupont Powder Company, testified that upon one occasion he had a long talk with T. Coleman Dupont, regarding methods of securing trade, and Mr. Dupont told him that in getting trade it might be necessary to have a "yellow dog," meaning, witness supposed, that special inducements might have to be offered.

At the afternoon session Alfred I. Dupont, vice-president of the I. Dupont Company, in answer to a question, named about twenty powder concerns that had been dissolved and taken over by the Dupont company. William Coyne, head of the black division of the Dupont company, testified that for the years 1905, 1906, 1907, the company's proportion of the trade of this country was as follows: Dynamite 75, 72 and 72 per cent.; blasting powder, 64, 65 and 67 per cent.; sporting powder, 1907, 85 to 70 per cent.; smokeless powder, 1907, 75 per cent.

## Taft and Knox Confer.

Cabinet Appointments Discussed and Senator Promises to Hold to Present Job.

[ASSOCIATED PRESS NIGHT REPORT.] AUGUSTA (Ga.) Jan. 7.—President Taft today conferred with P. C. Knox, who will be his Secretary of State, on the subject of Cabinet appointments. Senator Knox is chairman of the Inaugural Committee of the Senate and House, and said tonight he had told Mr. Taft that he intended to see him properly inaugurated and his own appointment as Secretary of State made and confirmed before he ceased to be Senator from Pennsylvania.

This indicates that Mr. Knox will not retire from the Senate until after the 4th of March. Senator John H. Brown, Jr., of Oregon, came with Mr. Knox and expects to remain some days.

That the railroad employes favored the selection of Myron T. Herrick of Ohio for a Cabinet place was indicated to Mr. Taft by Warren S. Stone, Grand Chief of the Brotherhood of Locomotive Engineers.

Acting upon advice, Mr. Taft today wrote a letter to Asa Chandler, chairman of the Atlanta Chamber of Commerce, withdrawing his engagement to address the negroes of that city on the subject of race prejudice. A lively row was in progress among the Atlanta negroes over where Mr. Taft should make his address.

## MOTHER FREES HARGIS.

Unable to Resist Pleadings of Son She Pays Fines and Guarantees Conduct.

[BY DIRECT WIRE TO THE TIMES.] JACKSON (Ky.) Jan. 7.—[Exclusive Dispatch.] Unable any longer to resist the pleadings of her son to be released from further incarceration in the Breathitt County Jail, Mrs. Lou Ellen Hargis today paid his fines of \$4.50 to the Police Court and obtained the release of Beach Hargis.

To insure Young Hargis from further outbreaks in the way of lawlessness, both Mrs. Hargis and her uncle, Floyd Day, earnestly assured that upon his slightest disposition to be unruly, he would be given up on the bond which they were at so much pains to secure for him for his appearance at the April term of the Estill Circuit Court, and returned to the Irvine jail to await his trial for the murder of his father.

Beach made all the promises required and has, for this afternoon at least, shown every disposition to abide by them. It is reported that Hargis will in a few days go to Hot Springs, Ark., for treatment for rheumatism.

## LOVE, POLITICS AND MURDER.

Sister of Boss to Wed Brother of Man Indicted for Slaying Manager.

[BY DIRECT WIRE TO THE TIMES.] EL PASO (Tex.) Jan. 7.—[Exclusive Dispatch.] Today announcement was made that Miss Lillian Ward, teacher of English in the high school, is to marry Charles Mitchell of De Soto in February. Mitchell is the brother of J. F. Mitchell, former lessee of the Daily News of El Paso, who is under indictment on the charge of murder for having killed Monroe M. Harris, an advertising manager, a former Oklahoma City man. Peculiarly enough, Miss Ward is a sister-in-law of Henry Kelly, recognized by the county and city rulers, who the killing really occurred.

## SUBPOENA ISSUED FOR SCHIFF.

Financier Made Defendant in Government Suit to Dissolve Harriman Merger.

[ASSOCIATED PRESS NIGHT REPORT.] NEW YORK, Jan. 7.—Counsel for the government and for the Harriman railroads consulted today to determine what portion of the evidence taken before the Interstate Commerce Commission should be admitted in the government's suit to dissolve the merger of those roads. The taking of further evidence in this case was postponed until tomorrow.

Subpoena has been issued for Jacob H. Schiff and Otto H. Kahn of Kuhn, Loeb & Co., financial agents for the Harriman roads, both of whom are defendants in the suit. It is said that the government's case will be closed in a few days.

## BEER SEIZED; HASKELL RAGES.

Governor of Oklahoma Gets Resignation of Prohibition Enforcement Attorney.

[BY DIRECT WIRE TO THE TIMES.] GUTHRIE (Okla.) Jan. 7.—[Exclusive Dispatch.] Because censured by Gov. Haskell for seizing five barrels of beer purchased by the Guthrie Citizens' Committee for a banquet Tuesday night in violation of the Legislature, Fred S. Caldwell has handed his written resignation to Haskell as state prohibition enforcement attorney.

When called on the carpet by Haskell, Caldwell defended his action as proper under the law. Haskell asked: "Why couldn't you have been for one day?" Caldwell replied: "I had better resign, Governor," replied Caldwell.

Haskell retorted: "Well, you can't hand it in any too d— quick for me." Caldwell acted immediately.

## PREFER JAIL TO OUTER COLD.

PRISONERS REFUSE TO ESCAPE WITH WAY OPEN.

Oklahoma City inmates, After Way to Freedom Is Tunneled, Remain Quietly Within, but Three Making Escape—All Favorable for Break, but Bitter Weather.

[BY DIRECT WIRE TO THE TIMES.] OKLAHOMA CITY (Okla.) Jan. 7.—[Exclusive Dispatch.] Although they could have done so with ease, forty-two prisoners of the forty-five in the City Jail refused to walk out early this morning when an exit was opened by tunneling. Three braved the icy breezes and got away. The thermometer was hovering down near the zero mark, and the "birds" were short on "covers."

Those who made their escape were Frank McCool and Harry McMahon, suspected in connection with burglaries committed here lately. The third was Harry E. Langraf, being held as a deserter from the United States Army. McCool and McMahon had only been arrested about an hour before the jail break occurred.

The forty-two prisoners who refused to venture out in the cold were found at the jail this morning by the officers. They had made no attempt to get away, although they could have done so, and been many miles away before their escape would have been noticed.

## FOUR BOYS BURNED.

Rest of Family Tramp Mile in Bitter Cold Glad Only in Night.

[ASSOCIATED PRESS NIGHT REPORT.] RICE LAKE (Wisc.) Jan. 7.—Four boys, whose ages range from 7 to 16 years, sons of Christian Lee, near here, were burned to death in a fire early today that destroyed the home of Mr. Lee.

With the thermometer registering 23 deg. below zero, Mr. Lee, his wife and three small children, who escaped from the fire, started for the nearest neighbor's house, a mile distant, and only in their night clothes and with bare feet.

Lee and his wife of the children collapsed when a quarter of a mile from the neighbor's house, and the husband was compelled to carry the three. The third child walked and reached the house, but his feet were frozen.

## WANT FOUR BIGGEST SHIPS.

President and Navy Department Make Extravagant Proposal, Opposed by Maine.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, Jan. 7.—[Exclusive Dispatch.] President Roosevelt and the Navy Department want Congress to push the United States Navy right to the front by providing at this session for the construction of four monster battleships, the biggest ever built by any nation. They want four ships of 26,000 tons, carrying twelve 12-inch guns.

Probably each ship would cost \$15,000,000, with equipment complete. The Naval Affairs Committee has not yet taken up this request, but Senator Hale has been opposing the naval expansion plan.

It has been urged that in asking for four ships, when the Navy has only promised to stand for two every year, the Senate is virtually absolved from even that pledge it is understood, has intimated that he would oppose granting more than one ship, and at that time he believed that 20,000 tons would be the limit of size, as that is the tonnage of the biggest ship now building for the navy.

The Navy Department believes that four monster ships should be provided, both for administrative and business reasons, and as to the latter it is shown that recent bids for war vessels and colliers have been the lowest per ton ever received by the Navy Department.

## TRAVELER DESCRIBES AFRICA.

Peter MacQueen Just Back from Dark Continent Describes Country to President.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Jan. 7.—Peter MacQueen, traveler and lecturer, a personal friend of the President, today told Mr. Roosevelt about the country he will visit in Africa this year. Mr. MacQueen has recently returned from a year of hunting and exploration in Africa, where he climbed within 400 feet of the top of Mount Kilimanjaro, the highest mountain in Africa.

He said that the President would be lavishly entertained at various points of his journey. The traveler said that he would entertain him at his great farm, 200 miles inland from Johannesburg, while at Nairobi, still further inland, he will be the guest of George McMillan, the millionaire American, nephew of the late Senator McMillan of Michigan.

Mr. MacQueen says he found the President wonderfully informed about Africa, its animals and geography.

## JEALOUS WIFE SHOTS.

Aims Bullet at Actress, but Husband Wards Her Off and Is Slashed.

[BY DIRECT WIRE TO THE TIMES.] SILVERTON (Ore.) Jan. 7.—[Exclusive Dispatch.] Insanely jealous because of the intimacy of her husband and Grace Fredericks, an actress, Mrs. Maude Burroughs, early this morning, attempted to kill the girl in the Silverton Hotel. Mrs. Burroughs, whose husband, Clark Burroughs, is manager of the Burroughs Stock Company, shot at Miss Fredericks, Burroughs struck the weapon from his wife's hand and the bullet went wild.

The crazed woman then attempted to assault Miss Fredericks with a pair of shears, and when her husband interfered, slashed him in the cheek. Mrs. Burroughs has made threats to kill Miss Fredericks for several weeks. Her anger reached a climax this morning when she found her husband and the actress in the same room. Burroughs opened the door at his wife's command and she immediately raised a revolver and fired.

MINES AND MINING.

## USIL GETS

**BROWN ROAST.**

**Zinc Miners Mad  
Over Report.**

**Department Is Said to  
Have Ordered It.**

**Miners' Hired Expert Is  
the Author.**

Don Cesar Martin at Chihuahua, was vociferously criticized for a statement in the zinc mining in that Mexican state, in which he says that zinc, lead and lead-silver ores are the basis of their development and that these are what is sought in the zinc being merely an by-product; further, that the fully 1,000,000 tons of zinc distributed as follows:

San Luis Potosi, 100,000;
Santa Eulalia, 100,000;
Almoloya, 50,000;
Guadalupe, 50,000;
Mariposa and Arizpa, 50,000;
and 400,000 tons with

case the zinc is mined in a tunnel, the ore is hoisted by a cable and run through a mine car, which is provided by mining men; also a complex cable ore hoist system. The testimony of the miner is considered because of the lack of separation available in his own defense. He knows nothing personally of mining, that he was of the State Department to report taking his facts from a friend who was a miner in the town of Joplin, Mo., and at the request of Con-Hackney of Missouri to get permission to the State Department to take him into consideration. No inquiry was made as to the facts as the consultant says nothing from Washington factory.

man say that scarcely a  
in the report is correct. In  
in the mines are not for silver or  
as the same property  
silver ore as well, but  
only from the zinc and  
lead. The zinc is  
and the lead is denounced  
as being entirely  
200 or 300 tons being nearer  
they are found at Santa Bar-

the ore be of the same quality

**Butte Case Dismissed.**  
The suit against P. B. and others of the Steifer Mining Co. has been dismissed by the Attorney of Butte county. The Groville Dispatch has taken for lack of evidence. The receiver appointed by the court. It is also the same paper that the mine was owned.

It is remembered that a lot of

the company, living at the same time, has brought charges against the manager, accused the Steifers, arrested the shareholders and the Los Angeles shareowners held a meeting and passed resolutions upon them.

(Continued from Second Page.)

day from Naples, were stricken with  
 grief when the news of the disaster  
 in Messina for the first time. A  
 reporter told them through an inter-  
 preter, the news, when the vessel  
 reached the dock.  
 At first they were inclined to be in-  
 credulous and seemed not to realize  
 that any of them were concerned until  
 one of the passengers from Messina  
 asked whether the earthquake had  
 damaged that city.

"Messina is wiped out," was the re-  
 ply. "My whole family is there!" shrieked  
 the passenger. "My poor wife and  
 children; they are all dead."  
 The Sicilian threw himself on the  
 deck, and, though his fellow passen-  
 gers crowded around and endeavored  
 to comfort him, he continued to wail.  
 Others thronged about the interpreter  
 and questioned him frantically about  
 the disaster, and at each new detail  
 those coming from the earthquake re-  
 gion wept and wrung their hands in  
 distressing did the scene become that  
 the captain ordered the interpreter to  
 discontinue his tale until the Sicilians  
 had left the ship.

 (ASSOCIATED PRESS NIGHT REPORT.)  
 SAN FRANCISCO, Jan. 7.—Figures  
 compiled today show that the contribu-

 fund for the Italian earthquake  
 sufferers total \$4,588, in addition to  
 the \$20,000 subscribed from the sur-  
 plus of the San Francisco relief fund.  
 This sum, \$24,588, has already been for-  
 ward to the national headquarters  
 of the Red Cross at Washington.  
 Shipments of \$10,000 each have been  
 made every day for six days past  
 and will continue until all the money  
 collected has been turned over to the  
 Washington office.

**Billion-Dollar Damages.**  
 ST. PAUL, Jan. 7.—According to a  
 cablegram from the Prefect of Mes-  
 sina, the damage in that province and  
 that of Reggio will reach six billion  
 of lire. This information was received  
 today by Dr. Francesco Franchina,  
 local Italian Vice-Consul. Six mil-  
 liards of lire is approximately \$1,200,-  
 000,000.

**No English Guests in Hotel.**  
 REGGIO, Jan. 7, 2:30 p.m.—The  
 proprietor of the Hotel Central, one of  
 the buildings demolished by the earth-  
 quake the night of December 28, as-  
 serts positively that there were no  
 foreigners in his hotel the night of  
 the disaster. The rumor that an Eng-  
 lish-speaking family was killed in the  
 Hotel Central is thus put at rest.

**Severe Shocks Repeating.**  
 NAPLES, Jan. 7.—Disasters re-  
 ceived here state that severe earth-  
 quake shocks occurred at Monteleone  
 and Palmiro this morning. The ruins  
 of the houses were shaken down and  
 the people were thrown into a panic.

**WRIGHTS MAY COME HERE.**  
 Cousin of Famous Astronaut Says Fly-  
 ing Machine Brothers Will Prob-  
 ably Tour Country.

"Wilbur L. Wright of Belmont, O., a  
 cousin of the famous Wright brothers  
 of Dayton, registered yesterday at the  
 Angelus and will remain in Los Ange-  
 les several weeks on business. Mr.  
 Wright was with Orville Wright at  
 Fort Meyer last September when the  
 noted aeronaut was injured, and was  
 one of the first spectators to reach  
 Wright after he was injured.  
 "It is not generally known," said  
 Mr. Wright yesterday, "that the  
 Wright brothers flew successfully  
 more than one year before they gave  
 a public flight at Fort Meyer. Their  
 flights were so successful that almost  
 20 years ago they were approached  
 by an agent of the French government  
 and offered \$100,000 for the world's  
 right to their invention. This offer  
 was refused, as the Wrights thought  
 that their invention was not perfected  
 and they would not let it leave them  
 until it was completed in every detail.  
 This was a sacrifice that is better ap-  
 preciated when it is known that the  
 Wrights are poor people and the  
 brothers were bicycle repairers before  
 they entered into the flying-machine  
 business.

"It would be just as easy for Orville  
 or Wilbur Wright to fly from New  
 York to San Francisco as it is to fly  
 around a prescribed course. It is only  
 the matter of carrying enough fuel.  
 Orville Wright told me after the first  
 successful flight at Fort Meyer that  
 if he had sufficient fuel he could have  
 cleared straightaway toward Philadel-  
 phia and landed on Chestnut street.  
 Just as easily as completing the course  
 at Fort Meyer, Lieut. Lahm accom-  
 panied Wright on this flight. Lahm  
 weighs 180 pounds and Wright said  
 that if he had 180 pounds of gasoline  
 instead of his companion he could  
 have remained in the air until it had  
 been consumed.

"We think, as soon as either Ger-  
 many or France purchases the Wright  
 patent for the Old World, the United  
 States buys it for this hemi-  
 sphere. The Wrights will make a tour  
 of the country to give exhibition  
 flights, and I would not be surprised  
 to see them come to Los Angeles."

Passenger train No. 2 on the Great  
 Northern was derailed yesterday morn-  
 ing near Yandell, Mont. The train  
 was thrown from the track over on its  
 side and a number of passengers were  
 injured.

**REMITTANCE TODAY.**

Society Presentation of "Old Plan-  
 tation Days" Tonight, for the Ben-  
 efit of the Sufferers—Other En-  
 tertainments Scheduled for the Same  
 Worthy Object.

Several good contributions were re-  
 ceived to the Italian relief fund yester-  
 day, but the progress was slower  
 on the preceding day, totaling  
 only about \$600, and will be acknowl-  
 edged in detail tomorrow. The Times  
 fund was increased by \$47 yesterday,  
 and these two funds now amount  
 to \$14,124.80. It is probable that the  
 total will be raised to \$15,000 today,  
 and that the third installment of \$5000 will  
 be forwarded to Rome.

More or less energy is now being de-  
 voted to schemes of raising money,  
 through which the general public will  
 have an opportunity of contributing  
 its mite. These will yield a consid-  
 erable revenue, and meantime the Re-  
 lief Committee will continue its ef-  
 forts at securing private subscrip-  
 tions.

The following entertainments are  
 now scheduled for the benefit of the  
 fund: At the Ethel Club House to-  
 night, an enjoyable and laughable  
 presentation of "Old Plantation Days."  
 with society women in different roles;  
 game of baseball between the Rang-

 on Sunday afternoon; concert by  
 Ricardo Lucchetti at the Gamut Club  
 on the evening of January 15; great

## BANDITS GET BEER MONEY.

Hold up a Saloon and Five Men in It.

One Victim Slightly Hurt by Rough Robber.

Carry Off Firearms There for Protection.

Five customers and the bartender were held up and robbed by two masked highwaymen about 10 o'clock last night in the saloon at No. 810 Macy street. After striking one of the customers on the head with a revolver when he failed to raise his hands, the bandits lined them up against the wall and searched them. They obtained \$68, and carried off two watches and a shotgun and a revolver, which were kept in the place for protection against holdups.

N. Ougus, a Mexican laborer, of No. 525 Ramona street, was struck on the head with a revolver, which inflicted a slight laceration. The robber examined his watch, but returned it, and cursed him when he found his victim had no money.

Fred Dupuy, the bartender, was robbed of \$25 in gold and his watch. William Morgan, an employee of the Cudahy Packing Company, of No. 229 Center street, lost \$4.20.

James McKee, employed at the Cudahy Packing Company, who lives at the Flanagan rooming house, on Center street, had no money.

James Goodman, also employed by the Cudahy Packing Company, who also lives at the Flanagan rooming house, lost nothing.

Ernest Grand, of No. 1706 Brooklyn avenue, was robbed of his watch.

**BUSINESS-LIKE BANDITS.**

The two highwaymen entered the saloon about a minute after Patrolman McClure, who reported to the Central Police Station over the telephone, had left the saloon. They were handkerchiefs as masks, which they pulled around their necks and pulled up over the lower part of their faces.

When the robbers commanded the men in the place to throw up their hands, all of them obeyed except Ougus. He thought it was a joke, and started toward the highwaymen. One of the pair sprang at him and knocked him down with his revolver. He was jerked onto his feet again and shoved up against the wall. In the meantime the other robber had lined up the men and the man who roughly handled Ougus began to search them. When the man with the gun saw Dupuy looking at him closely, he commanded him to get down on his knees and face the wall, Dupuy obeyed.

After the victims had been searched the robber turned his attention to the cash register. He had some difficulty opening it. He scooped out \$15 and several checks, which he threw on the floor.

Then he led Dupuy into the back room, while his partner took the customers. The bartender was compelled to open a small safe at the point of a revolver. The safe was empty, and the bandits after tearing out the partitions grabbed Dupuy by the throat and demanded him to tell them where they kept the money. Dupuy told the highwaymen that it had been taken to the bank late in the afternoon.

Back of the safe the robber found the shotgun which was kept in readiness for hold-up men. He led Dupuy back into the bar-room, and the other bandit found a revolver, which had been placed in a handy position for immediate use.

**ROBBERS ESCAPE.**

Concealing the shotgun under his long overcoat and shoving the revolver in his pocket, the robber left the saloon by the front door. His partner backed out of the place, after ordering the customers to get up and not to raise an alarm until they had time to get out of sight.

Dupuy immediately called the police, and the customers rushed out to see in which direction the robbers went. They saw the robbers in the distance, and it is believed that they boarded an out-bound Pasadena electric car at the crossing.

E. J. Sormano, the proprietor of the saloon, was called by the bartender. When he was given their description he said that he recalled the men. He had been in the saloon early in the afternoon. He thought at the time that they were suspicious, and he asked the bartender whom Dupuy relieved shortly before the robbery, who they were.

Dupuy who looked closely at both men before he was compelled to face the wall, describes one man as about 5 feet 11 inches. He wore a long black overcoat, with the collar turned up, and a white handkerchief over the forehead. He was a long black man, dark brown in color and the crown was pushed in and creased. He wore gray trousers and as near as could be told, was dark complexioned.

The other was about 5 feet 7 inches in height, and was dressed in a dark overcoat and wore a black silk handkerchief for a mask. He had a derby hat, and Dupuy believes he had a sandy complexion.

Two detectives, and four motorcycle men were detailed on the case. They scoured the neighborhood, but could find no trace of the men. The car crews on the Pasadena line were questioned, but none of them remembered that two passengers were taken aboard at the Macy-street crossing.

**HEAVY SUIT REMOVED.**

City's Action Against Contractors for Nearly Three Hundred Thousand Goes to Federal Court.

Claiming that the city's contract with Stansbury & Powell, for the construction of the outfall sewer, is unconstitutional and void, Charles Stansbury and C. L. Powell, the defendants, obtained a removal of the suit brought by the city in the Superior Court, to the United States Circuit Court, yesterday.

It is alleged that a clause fixing the minimum wage of the laborers employed by the contractors at \$2 a day is a violation of the fourteenth amendment, and, therefore, unconstitutional. It is also claimed that a provision that no Chinese laborer be employed is a violation of the same amendment and contrary to treaty rights.

The city of Los Angeles brought suit against the contractors for alleged violation of contract and abandonment of work upon the outfall sewer. Judgment is asked for \$281,168.63 and costs.

## DR. W. W. ORR.

the southern evangelist, who will be in work in this city next Sunday.

"CYCLONE" COMING.

Powerful Preacher and Pulpit Orator of the South Will Open Two-Weeks Campaign.

Pronounced by those who have heard him, to be "a cyclone," Rev. Dr. W. W. Orr, the Southern evangelist and orator, will probably attract large audiences to the First United Presbyterian Church during the next two weeks.

Dr. Orr is declared to be a typical Southern speaker, while entirely free from sensational methods. He comes from Charlotte, N. C., and is well and favorably known throughout the South.

Rev. W. W. Logan, pastor of the First Church, who is co-sponsoring this week with Dr. Hugh K. Walker, is a series of meetings, under the leadership of J. R. Pratt of New York, in Immanuel Presbyterian Church, has secured a return of the fellowship, and the two congregations, together with the membership of other churches in the neighborhood of Ninth and Figueroa streets, will unite in a two-weeks' campaign, commencing on Sunday, January 10.

Always on the outlook for a good speaker, the Young Men's Christian Association has promptly secured Dr. Orr to address the men's meeting in the association auditorium, on Sunday afternoon at 7:30, the speaker, a phonist, will render a solo at the men's meeting, and a social hour in the lobby will precede it. All men are invited to spend the afternoon there.

**NEW BUILDINGS FOR HOSPITAL.**

IMPROVED HOME FOR COUNTY'S SICK AND INJURED.

Three Perfectly-Equipped and Costly Structures Will Replace Shacks, Often Condemned—One of Group to Be Exclusively Devoted to Care of Tubercular Patients.

The County Hospital is to be enlarged by the erection of three buildings. The frame shacks, which have been condemned a number of times in the past ten years, will be torn down, and Los Angeles county will have one of the most perfectly equipped and modern hospitals in the West. The appropriation for the buildings was made last July, their cost will be approximately \$150,000.

The chief of the new structures will be the administration building. It will be located on the site of the present administration building. This will be moved bodily to make room. It will, however, continue to be used until the new building is ready.

The offices of the new hospital will be located on the first floor. The upper part of the first floor, the upper story, will be devoted to dormitory purposes for the internes and the resident physician. In the basement, a large ward will be fitted out for the care of the transient patients. The second or medical building will be built to one side and to the rear of the administration building. It will have sufficient space to care for fifty-two medical and ten electrical patients. Here indigent women will be cared for. The lying-in ward will be specially fitted out for its particular needs, and, outside of furnishings, will be complete to the slightest detail. The basement may be used as a transient ward in case of need.

Only tubercular patients will be cared for in the third building of the hospital. The veranda of this building will be large, and all of the rooms will have ample ventilation to carry out the idea of open-air treatment. There will be sufficient room to care for 120 patients inside, and, if desired, covering to ward off the chill.

All of the buildings will be two and a half stories in height, having a basement with windows above ground, and a large attic, which may be fitted up for some special purposes. All the buildings will be of concrete, having a brick exterior and cement interior. Vitreous brick is to be used. The floors will be cement, with plank covering to ward off the chill.

The plans are in the hands of the contractors, who must turn in their plans to the Board of Supervisors before February 1. Work will be begun in the early part of March, and the buildings should be ready for use by the first of next year.

The exact cost of the buildings cannot be stated until the bids of the contractors have been opened, but they will not run far below the figures given.

## NINE PUZZLES FOR SOLOMONS.

President Calls Conference About Children.

Local Chairman Invited, but Cannot Accept.

National Projects to Help the Little Ones.

The President of the United States has again put himself upon record as a friend of the children of the land. He has issued invitations to representative men to attend a conference to be held at the White House January 25 and 26, in the interest of dependent children. Dr. Walter Lindley, chairman of the Committee on Public Health in Los Angeles, received a letter yesterday signed by President Roosevelt, bidding him to this conference, but he will be unable to go.

"Surely nothing ought to interest me more than the care of the children who are destitute and neglected, but not delinquent," declares the President in this communication. "Personally, I very earnestly believe that the best way in which to care for dependent children is in the family home. In Massachusetts many orphan asylums have been discontinued and thousands of children who formerly have gone to orphan asylums are now kept in private homes, either on board, with payment from public or private treasuries, or in adopted homes provided by the charity of foster parents. Many religious bodies have within the past few years organized effective child-placing agencies."

This conference has been called at the request of nine living workers for children in the United States including: Homer Folke, secretary of the New York State Charities Aid Association; Dr. Hastings H. Hart, superintendent of the Illinois Children's Home and Aid Society; John M. Glenn, secretary and director of the Russell Sage Foundation; Hon. Thomas M. Mulry, president of the St. Vincent de Paul Society of the United States; Dr. Edward T. Deville, editor of the *Charities and Commons*; Hon. Julian W. Mack, judge of the Circuit Court of Chicago; Charles W. Birtwell, superintendent of the Boston Children's Aid Society; Theodore Dreiser, editor of *Delicenter*; and James W. West, secretary of the National Child Rescue League.

**GRAVE QUESTIONS.**

These men have presented to the President one of the grave questions of the country, one that has been felt by every citizen, and one that is being to do with children. The communication which these child workers presented to the President, and which urged him to action, says:

"The problem of the dependent child is acute; it is large; it is national. We believe that it is one of the most important considerations. We earnestly hope that you will cooperate in an effort to get this problem before the American people."

"The State has dealt generously with her troublesome children, but what is the result? They are as follows: trouble, but are simply unfortunate. There are a large number of these children for whom there is need of special training, and of whom some are orphans or half-orphans, some are abandoned by heartless parents; some are victims of neglect."

**WORK PROPOSED.**

The Mothers' Congress will rejoice in the thought of this conference, for several of its dearly-cherished desires for the children of the country will be brought up for consideration.

The first subject slated for discussion was first suggested and urged by a prominent Pasadena woman, Mrs. E. J. Sormano.

"Should there be established in one of the Federal departments a national children's bureau, one whose object shall be the collection and dissemination of accurate information in regard to child-caring work and in regard to the needs of the children throughout the United States?"

There are nine questions to be brought before the members of the Congress. They are as follows:

No. 1. "Should the State inspect the work of all child-caring agencies, including similar powers, be necessary to the incorporation of all child-caring agencies, and to the amendment of the charter of an existing benevolent corporation of it is to include child-caring work; and should the care of children by other than incorporated agencies be discouraged?"

No. 2. "Should the State Board of Charities (or other body exercising similar powers) be necessary to the incorporation of all child-caring agencies, and to the amendment of the charter of an existing benevolent corporation of it is to include child-caring work; and should the care of children by other than incorporated agencies be discouraged?"

No. 3. "Should children of parents of worthy character, but suffering from temporary misfortune, and the children of widows of worthy character and reasonable efficiency, be kept with their parents—add being given to the parents the means to maintain suitable homes for the rearing of the children? Should the breaking up of the home be permitted for reasons of poverty or only for the reasons of inefficiency or immorality?"

**TOGETHER OR SEPARATE?**

No. 4. "Should children normal in mind and body and not requiring special training—who must be removed from their own homes, be cared for in families, wherever practicable, rather than in institutions?"

LOCAL RAILROADS.

LONG FRANCHISE IS REQUIRED.

Pacific Electric Will not Extend in Long Beach Until Change is Made—Company and City Take up Terminal Island Line Question—No Subway Considered.

Belmont Heights wants additional street car service. The Pacific Electric wants to give it, but is unwilling to build over a gap of a few blocks between the present terminus of its Long Beach Seventh-street line and the corporate limits, under the twenty-one-year franchise ordinance now in force. The right for this line were secured before the law went into effect and extended at the time to the city limits; but Long Beach has taken over the territory and is quite a gap intervenes. It was stated at General Manager McMillan's office that the company is willing to consider the extension under a more favorable franchise but not under present conditions, so it is unlikely that the petition will be granted unless some changes are made in the ordinance.

BY MISS SYDNEY

Wear jewelry—all you in the fall of the hour. When you're then wearing such a sparkling necklace we've not seen for many a moon. And I—well—but truth must prevail. In the age I now live in, I have seen too much of the old modified to bore holes in to hang ornaments on. Fashion has revived them. I saw several sets in the leading jeweler's on Broadway in the lovely pink and coral, others in jade—just of best-like stones, set in metal with pearls shaped like your "bavaliere." French name—in English it's necklace, and every one is the evidence of some sort of a proof that we should use as jewelry, while living in a very smart design. In fact, hard twisted in rose fashioned with gold tassels. The greatest at \$10 to \$15. The barettes are in great demand. They are being quantities and need not matter, as material. The fashionable jewelry are in the very extreme styles of plain skirts, etc.

Jeweled barettes for the very much more, too. "The last one we have," said the "W. W. Jeweler," "is a 'rock'." This one was of dull pink stones.

A story of wearing the suspended like a locket from the neck.

One character are the new made of bridges taken from watches of English with all the stones, all of which must be matched up with carving giving them a personality.

But the most common one is that most of them are a delusion. I myself had a friend—a reader of *Good Housekeeping*—Her hair was beautiful gray but she was a matter of business in her youth. She thought as young as she was, she would have a hair restorer guaranteed to restore the color of the hair after a full application. Within a few days the hair began to assume its former color. She was so pleased and without that it was a matter of course to lead to embarrassment suggested that she should have a hair restorer. Alden Sprague, a well known New England gentleman, died in this city on Wednesday at the age of 87 years. In his native State of Maine he was an active man of affairs, and as an author he published many books identified with the political life of the State. In September last his wife, Mrs. Lavinia Mansfield Sprague, died, and he survived the publicity of his belated widow for a few months. He was known as an honest, honorable and upright gentleman, and highly respected by all who knew him.

**my Panocha.**

The secret of making good panocha lies largely in stirring the slab. To two cups of sugar, add one cup of granulated sugar and a half cup of milk. Cook till it forms a soft mass. Then add a piece of butter the size of a walnut and a few drops of vanilla extract. Remove from fire and pour onto a marble slab, or a flat plate. Stir constantly until it becomes hard almost as soon as you touch it. Leave for three minutes. It is firm enough to
